Dear Carissa,

Congratulations! At its meeting on April 8, the Indiana Bicentennial Commission endorsed your proposal titled "2016 Indiana Kid's Election" as a Bicentennial Legacy Project.

Your project met the standards set by the Commission for accessibility to the public and achievability. I know this project will make an impact, and be a great contribution to Indiana's legacy.

As an endorsed Indiana Bicentennial Commission Legacy Project, your activity will be listed on the Indiana Bicentennial website. You may use the Indiana Bicentennial Commission logo, in accordance with the Bicentennial Logo Guidelines sent to you via email, on project-related promotional materials.

The Commission and its partners appreciate the work that your group is undertaking to celebrate Indiana's proud history and the collaboration you are forging to ignite our state's future for the next 100 years.

Our shared goal is to make Indiana's 200th birthday an event in which Hoosiers in all 92 counties will take great pride. Help us share the word and encourage others to submit their projects for approval.

Please visit the Indiana Bicentennial Commission website, www.indiana2016.org, to view other endorsed Bicentennial Legacy Projects, news and events and to explore your county and share your own *Hoosier Insights*.
